Designer and Manufacturer
Of
Scientific and Industrial
Instruments

April 29th, 2004

The Honorable Norman Y. Mineta
Secretary of Transportation
Department of Transportation
400 Seventh Street, SW
Washington DC 20590

Secretary Mineta:

I wanted to include a personal letter of support to better explain the impact Abilene Regional Airport has on our business. We are an electronics manufacturing company located in Sweetwater Texas (35 miles west of Abilene). Our business takes us all over the world and we are constantly shopping air service to keep our travel costs under control. In the past 2 years the service and fares from Abilene Regional have improved significantly, and we now utilize Abilene Regional for air travel more than 70% of the time.

This has provided us a tremendous savings in time and resources as our employees no longer have to drive to Midland (120 miles away), Lubbock (120 miles away), or Dallas (240 miles away) for comparable air service. I strongly support the City of Abilene's request and hope that you will look favorably on it.

Sincerely,

Robert Ludlum,
VP Marketing

SAMPLE LETTER FOR COMMUNITY USE
SUPPORTING CITY OF ABILENE'S APPLICATION TO THE
FY04 SMALL COMMUNITY AIR SERVICE DEVELOPMENT PROGRAM

RECEIVED

APR 30 2004

CITY MGR'S OFFICE

Re: City of Abilene's Application to DOT's FY04 Small Community Air Service Development Program

Dear Secretary Mineta:

I support the City of Abilene's request for a Small Community Air Service Development Program (SCASDP) grant to continue improving air service at Abilene Regional Airport for the benefit of west central Texans.

Abilene received \$85,010 from the 2002 program, the smallest grant awarded to any community. That \$85,010, combined with local funds, enabled the airport to create a formal Business Development Program which:

- ▶ Conducted an Air Service Study that defined our air service market and quantified market demand
- ▶ Secured a second air carrier to a second Texas hub - SkyWest Airlines operating as Continental Connection to Houston Intercontinental Airport
- ▶ Encouraged Abilene's two airlines - American and Continental - to provide low promotional fares

The results of these air service improvements were beneficial to Abilene area air travelers, and we indicated our support with a 46% increase in enplanements in the first six months of two-airline service. Additionally, Abilene Regional Airport has been so successful that the Office of Aviation Analysis in the U.S. Department of Transportation uses us as a best practices model for other small U.S. airports.

To enable this, your approval of Abilene's FY04 grant proposal would fund a business plan that will further address service and fare deficiencies, including:

- ▶ Enhanced outreach to the citizens living in the rural areas of the airport's 32-county service area, including the formation of a Regional Air Service Advisory Council and proposed new regional shuttle service to the airport
- ▶ Formalizing a web-based Customer Knowledge Project to fully understand the air service needs and expectations of those citizens and their businesses
- ▶ Pursuit of more efficient service to our top western markets to better meet the demands of more than 50% of our passengers

- ▶ Expanding its Promotional Fare & Air Service E-mail Notification Program to include paid advertising
- ▶ Continuing its efforts to retain American Airlines, Continental Airlines, and SkyWest Airlines, including upgrade of aircraft from turboprops to regional jets

As a result, I respectfully request your favorable action on Abilene Regional Airport's grant application.

Sincerely,

A handwritten signature in black ink, appearing to read "R. A. Ludlum", with a stylized, flowing script.

Robert A Ludlum
